## Craig Is New Legion Leader

### Picked By Big Majority On 1st Ballot

Philadelphia, Sept. 1—(AP)—George N. Craig, 40-year-old Indiana attorney, today was elected commander of the American Legion. He is the first World War Two veteran chosen for the post.

The 3,344 delegates to the Legion's 31st national convention gave the earnest, soft-spoken resident of Brazil, Ind., an overwhelming majority on the first ballot.

His closest competitor was James F. Green, 33-year-old attorney from Omaha, Neb., who ran second a year ago to Perry Brown of Beaumont, Tex., retiring legion commander.

Opponents of Craig took the rostrum at nominating time to label him the candidate of legion "king-makers."

Big States Help  
And it was the big state delegates who gave Craig his thumping majority.

When the roll call ballot was completed, Erie, Pa., 38-year-old candidate from Dawson, Ga., moved that the election be made unanimous.

In quick succession Green and Donald R. Wilson, 32, of Clarksburg, W. Va., favorite son candidate of his home state, seconded the motion. The convention roared "yes."

Delegates stormed to the stage of huge Convention Hall, waving placards and howling as a Hoosier band beat out the rhythms of "The Banks of the Wabash."

Craig said in his acceptance:

"My generation has already carried the responsibility of national security in time of war... and now we join, in unity of purpose, our older comrades... in promoting and safeguarding those principles necessary for our continued strength and prosperity as a nation."

Before that the official count gave Craig 1,835, Green 1,379, Cooke, 63, and Wilson 55. Twelve delegates were absent.

Named By McNutt

Craig was nominated by Paul V. McNutt former war manpower commissioner, governor of Indiana and national legion commander.

Vice commanders elected by a rollcall vote were: Milton Book Lake City, Minn.; David H. Fleischer, St. Louis; Frank E. Lowe, Harrison, Me.; John E. Marti, Reno, Nev.; and Dr. D. R. Perry, Durham, N. C. William E. Matthews, Smyrna Del., and George Andrews, Central Falls, R. I., also were nominated.

Convention delegates earlier gave unanimous approval to a resolution demanding that the United States "curtail as far as possible any further immigration" at the present time.

Backers of the resolution said one of the aims was to guard against entry of subversive elements and communists.

## Warmer Weather Will Take The Nip Out Of Cold Spell

Chicago, Sept. 1—(P)—Fair and warmer weather over most of the nation tomorrow will take the nip out of a premature cold spell.

The weather man said the temperature trend over the country east of the Rockies will be slowly upward with higher readings tomorrow in all sections except the immediate Atlantic coast and the Gulf coast.

A continuation of, abnormally warm temperatures in some western states is expected. The mercury reached 90 today in parts of Utah, Nevada and Arizona.

Except for widely scattered showers along the continental divide and the Florida peninsula the country will have fair weather tomorrow, the forecaster said.

An extensive mass of cool air tumbled temperatures near the freezing points in parts of the midwest today. Temperatures reached the 30's over sections of Iowa, Wisconsin and the Dakotas. Most of the Great Lakes region, Ohio and Mississippi valleys were cool.

## Tragedy Strikes Family 2nd Time

Baltimore, Sept. 1—(P)—Seven-year-old Harvey Greiser was struck and killed by a truck today.

Police went to a nearby funeral parlor to notify his mother, Mrs. Rosalie Gibson.

Mrs. Gibson was with the body of her other child, Mary Lee Greiser, 4, who died a few days ago when she fell from a Rock creek pier while fishing with Harvey.

A double funeral was arranged.

## Two Ex-Navy Men Tell Of Shanghaing By Foreign Legion

Washington, Sept. 1—(P)—Testimony that two former U.S. navy men were "shanghaied" into the French Legion in 1947 and 1948 was recorded at a Naval Court martial today.

One of the victims was allegedly flogged, spreadeagled for 24 hours on the burning sands of the Sahara Desert and sent to fight in the Viet-Nam war in French Indo-China. He said he finally made a harrowing five-month escape through the jungle into China.

The other testified he had seen men "get their eyes popped out" for refusing to sign the legion's enlistment papers.

The stranger-than-fiction story was disclosed at the trial of James Patrick Ryan, 24, on charges of desertion.

Ryan was missing when his ship, the U.S. Destroyer Dickson, sailed from San Remo, Italy, in July, 1947. He turned up 19 months later on the other side of the world, in Canton, China.

A surprise witness, Walter D. Leathe, 23, of Malden, Mass., testified that he himself was snatched into the legion against his will during a cook's tour of France early in 1948.

Leathe said that a few weeks after he was forcibly recruited, he saw Ryan flogged with a belt in a legion compound at St. Bel Abbes, North Africa, in an effort to make him sign up.

## Tokyo's Typhoon Toll Reaches 78 Dead And 364 Hurt

Tokyo, Friday, Sept. 2—(P)—The toll of the Tokyo area's typhoon and flood reached 78 dead and 364 injured today.

Heavy rain fell in the populous Tokyo-Yokohama region. This increased the misery of typhoon victims and heightened the threat of additional floods.

The greatest flood menace was on the Kanto plain north and east of Tokyo.

The Tone river, which cuts through the plain, was patrolled by 100,000 laborers. They had strengthened weak spots in the dikes. So far, the Tone has kept to its channel.

In Tokyo alone, relief agencies took care of 49,000 Japanese whose homes either were smashed or damaged by the typhoon or were menaced by the floods.

## Judge Blocks New Attempt To Stop Trial Of Commies

New York, Sept. 1—(P)—A new defense attempt to upset the communist conspiracy trial was blocked today and a Georgia newspaperman barred from the witness stand.

A renewed defense mistrial motion was based on the week-old charge that Juror Russell Janney is too biased to give the 11 American communist leaders a fair hearing.

Federal Judge Harold R. Medina turned down the renewed motion as he did the original last week.

At the same time, the court refused to let the defense call George Landry, state editor of the Macon, Ga., Telegraph, who once interviewed Janney on his views toward communism.

Janney, a theatrical producer, was interviewed by Landry in Macon last February, before the communist trial jury was selected.

Landry quoted Janney in the newspaper as saying that "communism breeds intolerance" and that "people who want communism should go to Russia and live."

## TAKES BERLIN COMMAND

Berlin, Sept. 1—(P)—Maj. Gen. Maxwell D. Taylor, 48-year-old veteran airborne combat leader, took over his new duties today as American commander of Berlin.

He replaced Brig. Gen. Frank I. Howley, former Philadelphia ad-hoc versing executive who is retiring to private life.

## Says Tito Will Start New Worldwide Commie Group

New York, Sept. 1—(P)—The United Nations world said tonight Marshal Tito of Yugoslavia is preparing to launch a new worldwide communist organization to compete with the Moscow-dominated communist front.

Tito broke with the communist front information bureau in June, 1948, and recently has engaged in a bitter exchange of notes with Russia.

The U.N. world, a privately published monthly magazine, said the basic issue behind Tito's plan "is to fuse the aims and activities of all communists weary of Moscow's absolute domination."

The publication predicted that when the new plan is launched, "the already bitterly violent tight between Moscow and Belgrade will reach a new convulsive climax."

## Cold War Is Ending: H.S.T.

### 1 KILLED, 3 INJURED IN TWO-CAR CRASH

Fort Wayne, Ind., Sept. 1—(P)—Mrs. Clyde Heichel, Chicago, was killed today in a two-car collision on U. S. highway 30 six miles east of Fort Wayne.

Her husband, Clyde, 48, and their daughter, Jean, 17, were brought to Methodist hospital here in serious condition, with many fractures. In the other car, Delbert Frecker, 24 Rt. 2, New Haven, Conn., suffered only cuts and bruises.

## 42,000 Russ Zone Germans 'Invade' Western Borders

Frankfurt, Germany, Sept. 1—(P)—More than 42,000 Russian zone Germans "invaded" western Germany today without papers or authorization from the allied side. Tonight most of them had returned to the east.

The invading Germans smashed through order barriers, overwhelming western police and U.S. soldiers along a 600-mile frontier from the Baltic to Czechoslovakia. They forced their way into both the British and American zones.

The opportunity for their entry came from Russian celebration of "Peace Day" on the 10th anniversary of the starting of World War II. The Soviets relaxed their border controls for the occasion. The apparent reason for the enthusiastic German response to lowering the barriers was the desire for such items as food, shoes, and something to drink.

Shopkeepers in the American zone said a rush business in these items, exchanging one west mark for 5.40 east zone marks.

## Youth Taken From Capsized Sailboat Critically Injured

Kenosha, Wis., Sept. 1—(P)—Donald Kinney, 22, Ludington, Mich., was taken by coast guardsmen today from a capsized sailboat five miles out in Lake Michigan.

At St. Catherine's hospital Kinney was reported in critical condition from exposure. Coast guardsmen said Kinney related that a companion had drifted away from the almost submerged boat in a life preserver.

The rescuers said Kinney was unable to give a coherent account of events. He did not name his companion before lapsing into unconsciousness.

High winds whipped the lake last night sending many small craft into harbor.

## Chicago Gas Strike Ends As Drivers Begin Deliveries

Chicago, Sept. 1—(P)—The 21-day Chicago gasoline tank truck strike ended today. A full force of drivers started bringing filling station supplies back to normal.

The 1,600 members of the AFL Teamsters union ratified an agreement for a 10 cents an hour wage boost and better vacation benefits. It brings their hourly pay average to \$1.87, and gives them three instead of two weeks vacation after 15 years service.

The drivers struck three weeks ago, asking for a 174 cents an hour pay boost. Earlier, the major employers offered a 74 cents increase.

About 3,000 retail gasoline stations were shut down for lack of supplies shortly after the strike began. Chicago area traffic and commerce was cut down as a result. The fuel shortage was relieved last week by an agreement in which 1,000 truck lines supplied more than 700 independently owned stations.

## Two Men Trailing Jewelry Salesman Seized By Police

Decatur, Ill., Sept. 1—(P)—Two Chicago men, seized by police yesterday while allegedly trailing a jewelry salesman, were held in bonds of \$50,000 each today on charges of possessing burglary tools.

Held in jail pending a hearing are Edward A. Orloski, 42, of 1045 N. Noble St., and John Charles Heermann, 40, of 1919 Burling St., both Chicago. Police said Orloski is an ex-convict.

Authorities said they received a tip that the men were trailing a jewelry salesman who was visiting Decatur jewelry houses. They caught up with Orloski and Heermann seated in Orloski's new 1949 automobile which was parked in back of the salesman's.

## Says People Will Begin Life Of Peace

Washington, Sept. 1—(AP)—President Truman said today the war of nerves is slackening off very decidedly, but he declined comment on reported Soviet troops movements near the Yugoslav border.

Secretary of State Acheson yesterday termed these reports part of the cold war of nerves.

Mr. Truman told his news conference on the tenth anniversary of Hitler's invasion of Poland he sincerely hopes that the cold war between the Soviets and the West will end in surrender, as the shooting war did four years ago. Surrender by whom he did not say, but he implied he meant Russia. He refused to elaborate, asserting he meant just what he said.

Start of World War II  
His remarks came in response to a request for a statement on the ten-year lapse since the start of the last war. He said he is hoping that the war of nerves, which he termed disappointing—will cease and everybody will get in a mood for peace.

Then, he added, the United Nations will work as it was intended and pave the way for generations of world peace.

The president also said:

1—He intends to keep Maj. Gen. Harry Vaughan as his military aide.

2—He expects congress to pass his whole "fair deal" program by the end of next year's session. He still stands on his original budget recommendations.

3—Some unnamed oil companies are trying to block a \$203,000,000 loan to Mexico to develop her oil resources. He predicted an eventual agreement with Mexico on her loan request.

No Answer  
Mr. Truman would not answer a question whether he believes General Vaughan had been given a fair deal, by the Senate committee investigating the "influence industry."

But when he was asked if he contemplated any change in his military aide, he replied emphatically: I do not.

He was reminded that Vaughan, who stood behind him today in his customary place, had termed John P. Maragon, another key figure in the inquiry, a "lovable chap" but one who needs to be "fumigated." The president remarked that the inquiry is being held at the Capitol and he will not continue it at the White House.

How about the status of the legislative program? Mr. Truman said he stated last January he expected to put over his recommendations before congress gets through. He pointed out that there are two sessions—one still to come next year—and one could not draw conclusions until that second session was over.

But he added he still thinks he will get his program in toto and the record will be all right.

## Man Brought From Alaska In Killings Seeks His Freedom

Chicago, Sept. 1—(P)—Richard Tamborski, 28, returned from Anchorage, Alaska, for questioning in the robbery killing of two currency guards, filed today to win freedom at a habeas corpus hearing.

However, Chief Justice James J. McDevitt, issued a criminal court order to police to free Tamborski by midnight if no charge is filed by then.

Police have detained Tamborski without charge for questioning in the June 25 slaying of two Brinks company armed express guards at a South Chicago bank. His attorney says he has been in police custody for two days but the state's attorney claimed the federal government did not give him to the police until 2 p.m. yesterday.

Tamborski surrendered to the FBI in Anchorage Aug. 9 on a federal bank robbery charge. Federal Judge John P. Barnes yesterday dismissed the charge at the government's request, in a move to let the state prosecute.

## CRAIG RICE FREED FROM HOSPITAL AFTER PROBE OF HER SANITY

Los Angeles, Sept. 1—(P)—Mystery story writer Craig Rice was dismissed today from Los Angeles General hospital where she was taken Tuesday on a booking of investigation of sanity.

Santa Monica police had her taken to the hospital after they said they found two bottles containing sleeping tablets in her hotel room.

Psychiatrists pronounced her normal and the booking was dropped today, too. Last week Miss Rice, 40, sued to divorce her fourth husband, Henry W. Demott, Jr., 29, radio writer and producer.

## Eye-Witness Story Of Michigan Death Told By Negro

Jefferson, Ga., Sept. 1—(P)—From a negro picked up on a minor charge, police heard today a chilling eye-witness story of a wealthy Michigan socialite's murder.

Officers said the negro freely admitted driving a car in which Mrs. Lydia Thompson was clubbed and almost cut to pieces near her palatial home outside Pontiac, Mich., in 1945.

The negro insisted he could identify the two white men who committed the murder and a third white man who, the negro said, hired the death crew.

Mrs. Thompson's slaying was the most sensational in Michigan in a decade. Many suspects were questioned and released. Her husband, Louis V. Thompson, and his secretary, Helen Budnik, were charged with murder but released. They later married.

Georgia Bureau of Investigation Agent L. D. Hightower said the negro, 37-year-old Johnny Stark Vanderbilt, was arrested on a fraud charge. He was accused of selling \$10 memberships in a labor union that doesn't exist.

Then he started talking. In addition to the Thompson case, he said he was a driver in a Chicago murder, but officials gave no details.

## Mac Says Threat Of Communism In Jap Lives Is Past

Tokyo, Sept. 1—(P)—General MacArthur declared tonight "the threat of communism as a major issue in Japanese life is past. It fell victim to its own excesses."

The statement was contained in a review of the occupation by the supreme commander for tomorrow's fourth anniversary of the formal Japanese surrender.

"The past year," he said, "has witnessed acceleration in every phase of Japan's reconstruction. True, as elsewhere, there have been assaults upon the integrity of the democratic process by the small extremist communist minority, but these assaults were effectively repulsed."

Not by the repressive force of police power, but by the weight of an increasingly informed and active Japanese public opinion aroused to meet the threat to their free institutions.

MacArthur said the economic decentralization and the land reform programs had come to fruition during the year and the people were "now launched on the huge task of making Japan once again self-supporting among the family of nations."

## Reenact Lincoln's Wrestling Arts; 2 Get Ribs Broken

Springfield, Ill., Sept. 1—(P)—Two Springfield men nursed broken ribs today after following the reenactment of the famous wrestling match between Abraham Lincoln and Jack Armstrong.

The reenactment took place on the same spot at New Salem, Ill., where the young Lincoln took on the toughest of the Carle's Grofs boys.

State Rep. G. William Horsley (R-Springfield) took the role of Lincoln and J. J. Slavin, classified advertising manager for the Illinois State Journal and Register, portrayed Armstrong.

The wrestling match was filmed earlier in the week by a Chicago firm which is making a movie based on Lincoln's early life.

Slavin and Horsley had sore sides after the encounter but both laughed off their pains—at first. Finally, both went to their doctors and found they had broken ribs.

## DIPLOMAT 'X' New York, Sept. 1—(P)—An elderly man brought from a London plane today, then patiently spelled out the 33 letters of his name to poyoped newsman. The visitor was Sir Tiruvayanguudi Vijayaraghavacharya, 73-year-old Indian diplomat. He claims he has the longest name in the world. He is enroute to Toronto.

## Polio Foundation Prepares To Begin Fund-Raising Drive

New York, Sept. 1—(P)—The National Foundation for Infantile Paralysis prepared today to launch its first special fund-raising drive in its history amid indications 1949 will be the worst polio year numerically on record.

A foundation spokesman said that about \$10,000,000 probably will be sought in a campaign beginning later this month.

The public health service in Washington reported encouragingly, however, that this year's epidemic may have reached its peak in the week ending Aug. 20, when there were 3,422 cases.

For the week ending Aug. 27, there were 3,214 cases. Thus the tally of paralytic cases, diagnoses and recoveries showed a significant decline for the first time since last March, the health service said. The included many non-paralytic cases only other decline came in the week ending June 4 when cases dropped years ago.

## Greeks Report Fighting Albanian Troops In Greece

Athens, Sept. 1—(P)—The general staff disclosed today that the Greek army fought an engagement recently with regular Albanian troops, and declared the clash occurred on Greek soil. The implication appeared to be that Albanians invaded Greece.

Greek troops did not go into Albania but were held back "with great pains" by their leaders, a general staff statement said. The Albanians have charged that Greek army units invaded their territory on a "30-mile front."

The general staff said the fighting took place south of Kroustolopi when the Greek Ninth division tried to shut off an escape route used by communist-led Greek guerrillas. In the fight with the Albanians, the Greek army lost 14 killed and 201 wounded, the general staff said.

## Firm Files Claims For Work They Did In Hyde Park Area

Poughkeepsie, N.Y., Sept. 1—(P)—A company and two individuals filed claims totaling \$17,105 today for the work they said they had done on Elliott Roosevelt's real estate developments in the Hyde Park area.

Roosevelt is named in the claims as contractor for the Val-Kill Company, Inc., and Springwood Village, Inc.

The claims were filed in the Dutchess county clerk's office in the form of mechanics' liens.

These in effect are levies against property to enforce payment demands for services performed and materials provided.

A spokesman for Roosevelt said bond covering the amount sought would be posted and that the claims would be contested. Meanwhile, he said, work on the real estate projects will continue.

## City Police Halt Demonstration On NY Capitol Steps

Albany, N.Y., Sept. 1—(P)—City police tonight halted a demonstration on the steps of New York's capitol by a "civil rights" group demanding a state probe of a riot that prevented a concert by Paul Robeson near Peekskill.

Police Chief Philip Coffey said the crowd watching the demonstration was becoming "unruly" and he wanted to prevent possible disorder.

He told reporters that leaders of the Albany chapter of the American civil rights congress, which sponsored the demonstration, "willingly agreed" to call off the program when speakers were drowned out by spectators.

Shouts of "Go back to Russia," "Get a job," and "Where did you ever fight?" came from the crowd, estimated by police at 3,000.

The 100 demonstrators had marched to the capitol from the American Labor Party Club. Carrying placards supporting Robeson, they paraded two abreast on the sidewalk for about 10 blocks through the business district.

## Say Europe Still Can't Support Self Despite U. S. Aid

Paris, Sept. 1—(P)—War-shattered Europe is not yet on the road to self-support despite the fact it has received more than \$5,000,000,000 in American aid, two top Marshall plan officials said today.

This conclusion was contained in a report which will be sent to United States Marshall plan authorities. It was compiled by Baron Jean Charles Snoy of Belgium, chairman of the 19-nation organization for European Economic Cooperation (OEEC), and Robert Marjolin of France, OEEC secretary-general.

They reported that although Europe's economic situation has improved during the past two years, the dollar shortage problem has not been solved.

The Marshall plan goal has been to make Europe economically self-sufficient by 1952.

## 600,000 IN YUGO ARMY

Rome, Sept. 1—(P)—Premier Marshal Tito has 600,000 men under arms in Yugoslavia, the Italian news agency Astra reported tonight.

Quoting Trieste sources, the agency said Tito could quickly raise his military strength to 1,000,000 if Yugoslavia were attacked.

## THAT \$15 LIMIT

(From The Milwaukee Journal)

When our social security law was first enacted, it was primarily an old age retirement law. It provided that any covered employee might retire at 65, after which he would receive a monthly retirement benefit. Because retirement was the primary consideration, it was provided that, if he took part time employment, his stipend would be reduced by the amount he earned in excess of \$15 a month.

The purpose of this provision, of course, was to keep those on the social security rolls from seeking reemployment. Later, when survivors benefits were added, the same restriction was put on survivors.

In view of current high living costs, and low level social security payments, this provision has had the unfortunate result of compelling many beneficiaries to seek supplementary poor relief. Where a retired person or a surviving mother might have earned \$50 or more a month to supplement the low benefit, the real addition to income was substantially decreased through loss of part of the federal benefit.

Senator McCarthy is therefore right in feeling that this part of the law should now be modified. There must, however, continue to be a limit on what may be earned. For a retired person, the limit might be one-half of average earnings before retirement, or \$200 a month, whichever is lower. For survivors, the limit might be in terms of the number and age of persons in the family receiving benefits.

The \$15 limit is unrealistic and unsound in a law which provides only minimum benefits at best.

## TO COMPETE IN BOAT CLUB RACES SUNDAY

More than 100 boats will compete in the Mid-States championship races, which will be held here Sunday, Sept. 4. Members of the Jacksonville Boat Club have been getting the parking area and grounds ready to accommodate the expected crowd of 10,000 people. The city has already started to raise the lake level to its peak in order to have plenty of depth at the docks and starting line for the fleet racers.

A large crowd gathered at the Boat Club last Sunday afternoon to watch a group of drivers and boats who had come to try the course and practice starting timing on their last chance before the race. Several local race drivers also used the course to test their races and make final adjustments.

Joe Denham, 137 City Place, is expected to place high next Sunday, and possibly win the championship trophy for his class. Paul Engel of this city also races in this class, and is hoping that he can get away for a good start and steal the trophy from outside competitors.

Robert Linebaugh of 1536 South Clay, will run in the B class and should stand a good chance in this event. Linebaugh has been running in the first three places in all the events he has competed in this season. Several other local race drivers are expected to show well in the races. The fastest boats in the mid-west will be on hand to claim the championship.

The races will get under way at 1 p.m. and there will be 10 races, each of five laps run. Mayor Ernest C. Hoagland and Robert A. Fay will judge the events. Outboard racing is said to be the most exciting of all spectator sports, and the races here Sunday will surely provide thrills and spills, and plenty of excitement for race fans. The large parking area adjoining the lake on East Vandavia road will be opened to the public at 10 a.m. and buses will start running to the racing area at 11 a.m.

## Beardstown Thrives Despite 120 Years' Battle With River

Even before Chicago was founded, a small town farther down the Illinois river was established by Thomas Beard, and plotted in 1829. This year, that thriving city, Beardstown, is celebrating its 120th anniversary.

A river town that has seen many a flood, and waited through tense hours as the muddy waters of the Illinois climbed higher and higher on the levees, Beardstown has fought harder for physical survival than most Illinois cities, which at worst have weathered an infrequent fire or tornado.

Beardstown will observe its 120th anniversary on Sept. 9 with a homecoming celebration which will feature some of its products and skills, including a watermelon festival, fish fry and boat regatta. A queen of the Watermelon Festival will be selected at a talent parade; watermelon eating contests will be held for melon munchers lined along the city square curb; river sports exhibitions will include water skiing and surfboard riding; fried fish sandwiches will be served and radio stars from Chicago, St. Louis and Quincy will be present.

Barkley Invited  
Vice-President Alben W. Barkley, who is scheduled to be in Springfield on Sept. 8, has been invited to Beardstown for the 9th. Special invitations have been sent also to U. S. Senator Scott W. Lucas, whose home town of Havana is a few miles north of Beardstown on the Illinois river; U. S. Senator Paul Douglas; Congressman Sid Simpson of Carrollton, representative from the 20th district, and Gov. Adlai Stevenson.

Famous For Duck Hunting  
Although its physical survival has been threatened, the economic survival of the city has never been threatened. The prosperous river traffic and rich river bottom land surrounding it have made it a thriving community. Its fish and watermelons are famous. And thrown in as extra measure is the magnificent scenery of the river country.

The corn grows tall in river bottoms near Beardstown. The timber is a paradise for nature lovers. Wild flowers, mushrooms, berries, walnuts and shellbark hickories grow in abundance. Land and water birds abound. Swamp-land along the river form some of the best duck hunting areas in the state. Duck hunters from far distant places have enjoyed hunting near Beardstown. Many hunters from all sections make reservations for the hunting season a year in advance.

Fishing has always been a favorite activity, both as a sport and as a commercial enterprise at Beardstown, situated at the confluence of the Illinois and Sangamon rivers.

The annual Free Fish Fry day, at which time fried fish sandwiches were served, free, to all, brought many from all parts of the state to Beardstown. This year, due to the polio epidemic throughout the state, the annual fish fry day in August was cancelled. But fried fish will be one of the features of the anniversary celebration on Sept. 9.

Watermelon Queen  
Watermelons, which have spread Beardstown's fame too, will have their spot in the celebration. Watermelon stands, as well as fried fish sandwiches, will be featured, and along the city square curbing a long line of watermelon eaters will vie for prizes.

The 120th anniversary will include a talent parade at which time a queen of the Watermelon Festival will be named.

River sports exhibitions, including water skiing and surfboard riding, as well as a boat regatta, will be held in the afternoon.

## Brown Coal Runs Locomotives

Adelaide—(P)—South Australia has a tip for anyone who wants to run locomotives on low grade brown coal. It can be done by mixing black coal with the brown. But what if you have no black coal?

The answer is to spray a little fuel oil on a thin bed of burning brown coal. An oil reservoir, fuel lines and blowers for spraying can be fitted on a locomotive in a day. South Australia has done this, and it's keeping her locomotives puffing along. The state was forced to find such an alternative when all miners of black coal in Australia went on strike.

Big brown coal deposits in South Australia have been developed only in the past 10 years. South Australia now is using brown coal in the furnaces of its industries and to make electricity.

## Mrs. Frances E. Brown Will Be 90 Sept. 4

Mrs. Frances E. Brown, who lives at 216 West College avenue, will be 90 years old on Sunday, Sept. 4.

She was born in Bourbon county, Kentucky, on her grandmother McCoy's plantation. At the age of five she came with her parents to Morgan county, and settled near Beres. After her father's death in 1872, her mother moved to Jacksonville, and in the fall of 1873 Mrs. Brown entered MacMurray College where she remained for two years. She then took music in the Conservatory of Music at the Young Ladies Athenaeum and finished there in voice in 1878.

Mrs. Brown was prominent in music circles in Jacksonville and sang in the double quartet at Centenary Methodist church and later in the choir at Grace Methodist church.

On November 8, 1882, she was married at the home of her mother, 234 West College avenue to William Barr Brown, Sr., son of Dr. Lloyd Warfield Brown, at that time president of the Illinois Savings Bank. Mr. Brown was a graduate of Illinois College in 1881 in the class with William Jennings Bryan who was best man at his wedding. On re-

## He Was A Messy Paperhanger

BY HAL BOYLE

New York—(P)—It is ten years ago since Adolf Hitler plunged the world into its first trillion-dollar war.

No paperhanger in history ever messed up a place more.

Remember? Millions of people heard the broadcast of the fateful speech to the Reichstag in which Hitler told the German people their troops had marched into Poland.

It gave a shivery feeling. The fiery emotionalism of the little man seeped through his alien tongue into the hearts of listeners in many lands. The hall in which he spoke was hung with scarlet banners, for red is the color of war. And the hall shook with bursts of massed applause—as if led by invisible cheerleaders. It was like something out of the middle ages.

Exactly 2,074 days later the returns from Adolf's speech were in.

Many Countries In Ruins  
His Reich and many other countries were in ruins. Some 22,000,000 men, women and children had been killed, including Fuehrer Hitler and his arch-buddy, Benito Mussolini, who ended the war hanging by his heels beside his mistress, dead and bleeding. Some 34,000,000 had been wounded.

It was the biggest jackpot of all time for brother Mars. He had rung up \$1,116,991,463.084 on his cash register and about \$230,900,000,000 in property damage. This doesn't even include the cost in money and damage of the long war in China, which is still in flower.

The United States picked up the biggest part of the check—\$330,030,463.084—and it is still picking up the checks.

What does it all add up to? Well, the Germans are still sorting bricks from the rubble of their cities, and will be for years. They are bystanders now. But the chief issue raised by Hitler is still undecided—freedom or tyranny, the oldest issue on earth and never settled.

War didn't even dent the global population. There are some 2,300,000,000 people in the world, more than ever, and some 150,000,000 aveli in America—more than ever.

More People Living Better  
Here more people are eating higher on the hog, living better, earning more, than at any period in our history. And America, is still a little startled at the realization it has replaced the British Empire as the biggest single factor for world order.

What did the war teach us? Well, chiefly, it taught us a sense of geography—and that's important. Places like Bastogne, Kasserine Gap, Tokyo, Paris, London, Liege, and Berlin don't seem so strange and far now. Millions came home with memories of what people are like and how they live in foreign places.

There is a steel skyscraper growing up now beside Manhattan's East river, the first building in the United Nations new home. The problem is whether everybody can grow up as it is growing. For the question is no longer whether any particular na-

## Dr. Ludlum Will Become Head Of Blackburn College

In a simple ceremony to be held on Friday, Sept. 16, Dr. Robert Phillips Ludlum will be installed as the tenth president of Blackburn College, Carlinville, Ill.

Dr. Ludlum, a native of New York, succeeded Robert W. McEwen, who resigned Feb. 1. The new president is the author of several historical and educational articles and at one time was the managing editor of the Leroy Gazette News, Leroy, N. Y. Before coming to Blackburn, Dr. Ludlum was vice president of Antioch College, Yellow Springs, Ohio. Blackburn, beginning its eighty-fifth year, is famous for its "work-study" plan.

Spread biscuit dough with butter or margarine (softened), brown sugar, a sprinkling of cinnamon, and a few chopped nuts. Then roll up in jelly-roll fashion, cut in slices, and bake in a hot oven.

## Virginia Kiwanians To Support Morse At District Caucus

Virginia—At the regular meeting of the Virginia Kiwanians club held at the Legion Hall on Monday evening, President Paul E. Young announced that a caucus of delegates representing Kiwanis clubs in the 11th district of the Illinois-Eastern Iowa District was scheduled for Friday evening of this week at the St. Nicholas hotel in Springfield, for the purpose of selecting a candidate for lieutenant governor of the 11th district.

Paul E. Young, John Byus and George Dirreen were chosen as delegates to represent the local club at this caucus. Delegates were instructed to recommend A. W. Morse of the local club for the office.

J. S. Haywood reported progress on the work on the baseball diamond. It was emphasized that this is a community project which deserved

the support of the people of this community. Solicitation of funds will continue so that there will be sufficient money to complete the project. The Kiwanis club has agreed to furnish seed for the seeding of the grounds when the work is completed.

W. R. Hierman gave some facts and figures about the 4-H club show. Livestock sold at the sale on Saturday afternoon brought \$17,224.58. 53 steers averaged \$262.50 per head; 41 hogs averaged \$51. per head; six sheep averaged \$47 per head. Eighty-nine horses were in the parade, not counting the Jaycee Donkey ridden figure was only 13 per cent.

by James Whittaker. Ainsworth Reunion

The annual Ainsworth family reunion will be held on Sunday, Sept. 4, at noon, at the hotel at Old Salem Chautauqua park east of Petersburg. John Clegg, Chandlerville, is president of the group and Mrs. William Petefish of this city is secretary.

Miss Blanche Taylor and Mrs. Otto Dour and Mary Kendall attended the railroad fair in Chicago the first of the week.

Iced tea now consumes about a quarter of all the tea that Americans use. Before World War II, the consumption was only 13 per cent.

## Women Go To Old Fez School

Fez, French Morocco—For the first time in its history, 40 girls are now studying in the ancient Moslem university of Karaouiyne here. The break with past tradition which enables Arab women to achieve higher education in Morocco is just one of the changes introduced by the university's energetic young rector, Si Mohammed el Fassi. Today there are 1,800 students as compared with only 600 when the war ended. The

professorial staff has been raised from 30 to 90. Karaouiyne University, which claims to be even older than the Paris Sorbonne, was built on the initiative of the rich Fatima bent Kairouan in Tunisia, in the year 859 A.D. It has one of the most valuable libraries in the Arab world, estimated to contain 20,000 volumes. There are plans for construction of a University City in the new Arab section of Fez. Karaouiyne turns out mostly clerks and public officials, theologians and lawyers.

## Nationalization Loses In Australia

Sydney—Australia's Labor Government is doing little about nationalization. It hasn't the power. The Australian Constitution says: "Trade, commerce, and intercourse among the states, whether by means of internal carriage or ocean navigation, shall be absolutely free." That sentence, in Section 92, has been the wreck of Labor Party dreams of nationalization. There have been 40 High Court cases and Stamp meters can stamp up to 500 letters per minute.

two Privy Council cases in which judges and lords have decided how section 92 applies in certain cases. Today the general legal view is that Section 92 cuts right across plans for nationalization—transport, banks, coal mines, breweries, or almost anything else that has business in more than one state. Latest defeat of a nationalization plan was in the Banking Case. The Privy Council, in London, ruled the Australian Government has power to make a law to nationalize private trading banks.

Schroedel, pastor of the St. Paul's Evangelical and Reformed church of Pinckneyville, performed the double-ring ceremony before an altar of white gladioli, day lilies and palms.

Preceding the ceremony, the bride's father sang, "O Perfect Love," "O Promise Me" and "I Love You Truly," accompanied by Mrs. Irwin Woodrum of Tallula, who also played the traditional wedding marches.

The bride's only attendant was her sister, Miss Kay Lewis, who wore a gown of daffodil taffeta fashioned with a full skirt and marquisette yoke, with a matching head dress and taffeta mitts. The maid of honor carried a nosegay bouquet of yellow glad tips, with a cascade of yellow taffeta ribbon.

Serving the groom as best man, was Robert Elliott of Pinckneyville. Ushers were Ray Welsh and Norman Bartley of Pinckneyville.

The couple left for a trip to the Ozarks and will be at home in Pekin at 1409 Howard Court. For traveling the bride wore a suit of smoke blue tulle with black accessories.

"Here comes my wife again and I bet she's going to ask me about buying something—I've been telling her for years not to call on me during business hours!"

## It's Back To School Again For Youngsters

Hundreds of young people walked familiar routes Thursday morning, enroute to school to resume their pursuit of knowledge following the summer vacation.

The streets of Jacksonville resounded with the voices of students, seemingly not unhappy over the reopening of school, as they greeted old friends and went about the business of supplying themselves with materials needed for the new school year.

For the 219 young people entering Jacksonville High school as freshmen, the day was an exciting one. The transition from junior high to senior high school involved getting locker and book assignments and attending classes which will consume a large percentage of their time during the coming year.

The upperclassmen, the sophomores, the juniors and the seniors, will be back Friday. Total enrollment is expected to be around 800.

The youngsters who flocked to the four elementary schools, Washington, Jefferson, Lafayette and Franklin, were in for only a half day of school.

They arranged for their books and got acquainted with the teachers and then went home for their last free afternoon before heading back to school again.

### Old Crop Wheat Is Strong; Other Grains Listless

Chicago, Sept. 1.—(P)—Old crop wheat deliveries put on a private display of strength in an otherwise listless grain market today. September wheat bounded up more than 2 cents at times under aggressive buying.

Elevator houses bought September and sold December, thereby transferring hedges on the cash grain they own. This action impressed traders. The elevators could deliver wheat on the September contracts, but obviously preferred to hold onto it.

July wheat sold off on prospects of Senate approval of the Anderson farm bill, which provides lower support prices next year than the Gore bill passed by the House. Corn eased on increased receipts. Soybeans weakened following announcement of lower price support levels this year.

Receipts were: Wheat 10 cars, corn 97, oats 30, rye 1, barley 22 and soybeans 6.

Wheat closed 1½ lower to 2½ higher, September \$2.03½-1, corn was 1½ lower, September \$1.24½-1, oats were unchanged to ½ higher. September 67½, rye was 1-1 higher, September \$1.40½, soybeans were 1½ to 2 cents lower, November \$2.33-\$2.32½, and land was 2 to 10 cents a hundred pounds higher, September \$12.20.

An easy way to frost a chocolate cake is to sprinkle it with a third cup of grated unsweetened chocolate mixed with three tablespoons of sugar and a quarter cup of chopped walnuts or pecans, as soon as the cake comes out of the oven. Return to the oven for about three minutes or until the chocolate is melted.

## Indians Outlast Athletics 2 To 1

Cleveland, Sept. 1.—(AP)—The Cleveland Indians won their seventh straight extra-inning contest tonight, defeating the Philadelphia Athletics, 2 to 1, on Larry Doby's single to left in the 11th inning. His hit off Carl Scheib scored Thurman Tucker from second.

Bob Lemon, pitching his 17th victory, seemed untouchable until the ninth inning. But in that frame, with the Tribe leading, 1 to 0, Sam Chapman stepped up and swatted his 20th home run over the left field fence.

Then in the 11th, Tucker led off with a single and took second on Scheib's wild pitch. Doby's single ended the game, putting the world champs 13 games behind second place Boston and 41 behind the Yankees.

Brooklyn, Sept. 1.—(AP)—A new and tough Burt Shotton emerged today as the Brooklyn Dodgers started their September drive for the National league pennant by knocking down the Cincinnati Reds 11 to 8.

The usually quiet Brooklyn manager first delivered a fighting talk to his team, telling them caustically that "you can't win a pennant sitting on the bench." Then he practiced what he preached, and was thrown out of the ball park for the first time in three seasons as Brooklyn field boss.

The explosion that resulted in his banishment came in the ninth inning when he protested against a base on balls that walked in a run. Firing up his team for the battle to overtake the St. Louis Cardinals, Shotton made it clear that his regulars would have to get out there and play regularly.

**Depth Of Subs Is Myth**

In the course of his stern discourse to his team the usually mild-mannered plot indicated that the supposed depth of the Brooklyn team is something of a myth. The substitutes just aren't as good as the first string men, he said flatly.

Whether he had the idea that some of the regulars who have been out of the lineup with injuries or ailments could have been playing, he did not say, but he left no doubt that he expected every man to do his duty.

"I can't afford to lose these men," he said, indicating that "these men" were such regulars as Carl Furillo, Duke Snider, Gene Heimschick, Gil Hodges, Jackie Robinson, Peeewe Reese and Billy Cox.

"I am convinced that any of these regulars can do better, whether sick or hurt, than anybody I can bring off the bench—that is, if the regulars have the desire."

"We tried taking men off the bench and filling in. A rusty man can't do as good a job as a regular. We can't afford to do without our regulars playing every day."

**Robinson Is Example**

Shotton used Robinson as an example of what spirit can do. Robinson, who has been one of the three men to play every game this year, injured his heel in Philadelphia Aug. 9.

"He was hurt, but the next night he hit a home run to win the game," Shotton said. "That's the mark of a champion."

Shotton's unexpected inspirational talk came on the heels of a four-game winning streak, and in view of that his words were taken as a warning of what might happen unless the team played the game up to the hilt, rather than as a rebuke for something that had happened.

The Dodgers made it five wins in a row by whipping Cincinnati today, 11-8.

## Giants Overcome Pittsburgh 9 To 5

New York, Sept. 1.—(AP)—Ralph Kiner clouted his 39th homer of the season—a four run hit—but the New York Giants collected three homers on their own, plus eight other hits to whip Pittsburgh's Pirates, 9-5, today.

Kiner connected in the fourth and the bases-loaded swat gave the Pirates a temporary 4-3 lead. The Giants came back with two in the half for a 5-4 edge but the Pirates tied it up again in the top of the Yankees.

In their half the Giants went ahead for good on Bill Rigney's homer, and two more runs on three singles and two walks.

Bobby Thomson and Henry Thompson bagged the other New York homers.

## LaMotta To Get Highest Purse In Charity Exhibition

Chicago, Sept. 1.—(AP)—No boxing fan would rate Jake LaMotta over Ray Sugar Robinson, who Williams or Willie Pep as an outstanding champion, but he is receiving the biggest purse for engaging in exhibitions in which all six of America's world champions will appear in the Chicago Stadium tomorrow night.

Fred Irvin, promoter in the name of charity, is paying \$21,700 in purses for the season's first major exhibition in the stadium with profits going to two negro charities. One, a church milk fund charity, is sponsored by Mrs. Marva Louis, former wife of the retired world's heavyweight champion.

LaMotta is receiving a purse of \$3,000 while Eddie Charles, NBA successor to Louis as heavyweight ruler, Robinson, Pep and Williams will collect \$2,000 each. Manuel Ortiz, the other champion on parade, will collect \$1,250 for a four round sparring session.

Two other bouts of ten rounds will be of bonafide contests. They will involve Artie Towne, New York, middleweight stablemate of Robinson's, in combat with Lloyd Gibson, Cincinnati, and Sandy Saddler, New York, featherweight challenger, against Harold Dade, Chicago.

Joe Louis will referee the heavyweight bout in which Charles will box a four round exhibition with Joe Modzele, a heavyweight aspirant from New Kensington, Pa.

# Arenzville With 16 Gridmen Is Smallest Squad In 2-C Loop

Although his 16-man squad promises to be the tiniest in the little 2-C football conference, Arenzville coach Verdie Altizer voices nothing but optimism when he speaks of his Cass-county huskies.

Opening his conference chart at home against the Chandlerville Comets Sept. 15 under the lights, coach Altizer commented during a telephone conversation last night that he has picked his starting lineup and the boys "are ready to go."

Altizer, a Pittsfield and Culver Stockton graduate in his first year of coaching, confided that none of his boys had ever donned a football uniform before, but that they were taking to the sport much as a duck takes to water.

Like their Cass-county neighbors, this is the first year that Chandlerville has gone in for football. And, although represented by a cut-down squad, local backing is strong and the game is expected to go over in a big way.

The Chandlerville mentor presented a list of his aspiring grid men, none of whom have had previous football experience: Jack Marcy, Preston Reitzel, Dale Grimes, Richard Taylor, Jack Toland, Waldron Siltman, Milford Atterberry, Frank Blair, Jerry Lee Wilkey, Jim Hoon, Joe David McDonald, Bob Blair, Homer Hunt, Douglas Gerdies, John Kennedy, Ivan Case, Darrell Curry and Charles Pittman.

Paul Stroud delayed the initial 16-man football practice for one day yesterday. Coach Stroud reports that he issued equipment to 20 aspiring gridmen and that he expected a full squad of 26 athletes on hand for the opening practice session this afternoon.

Altizer greeted his small squad last Thursday afternoon in the opening session and immediately started drilling on fundamentals. Practice sessions have slowly evolved into signal drills with scrimmages slated to get underway next week.

"Big Don Wessler is probably my most promising prospect at the fullback post," said Altizer. Wessler, a senior, made news last year as a high scoring basketball center. "Most of my candidates are underclassmen," commented the amiable coach. Wessler is one of the three seniors that I have on the squad.

Other backfield candidates include Melvin Wessler (a cousin of Don's), Norman West, who's slated to do the kicking, Carls and Schmitz. A huskie named Ruppel will be at center, with Kleinschmidt, McClelland, Crawford, Nichols, Hamm and Hansmeyer rounding out the rest of the forward wall.

Altizer who played a lot of end for the Pittsfield high school and Culver Stockton college grid machines reports that enthusiasm is running wild in the school that boasts an enrollment of only 80 pupils and the town proper that could muster no more than 500 citizens. The team

## White Sox Beat Senators 3 To 0

Chicago, Sept. 1.—(AP)—Dick Weik, rookie Washington right handed pitcher, walked 13 batters in seven innings tonight and the Chicago White Sox defeated the Senators, 3-0, before 4,219 persons. Randy Gumpert pitched the distance on a yield of four singles for his eleventh victory.

Chicago scored its first run in the sixth on Gumpert's perfect squeeze play butt. Before the winning Chicago pitcher collected the game's first run batted in, a walk to George Metkovich, Eddie Maline's double and an intentional walk to Floyd Baker loaded the bases with one out.

The final pair of White Sox walks came across in the seventh without the aid of a hit. Weik walked four batters in this round as the Chicagoans scored first on Al Kozar's boot and again via a double steal involving Johnny Ostrowski and Malone. Ostrowski was on the payoff end of this maneuver.

### Briefs

Evansville, Ill., Sept. 1.—(AP)—Northwestern's football squad concentrated on passing and punting in a light workout today. Coach Bob Voigts said quarterback Don Burson, who underwent an elbow operation, is in top shape and probably will be in the starting lineup by the time the 1949 season opens.

Champaign, Ill., Sept. 1.—(AP)—Search for a punting replacement to succeed Dick Eddleman, who set a new Big Ten average in 1948, was stressed by Ray Eliot, Illinois coach, today as the squad went through its second day's drills.

Eliot scanned the kicking of John Vukelich, Chicago sophomore; Don Laz and Paul Douglas, junior halfbacks, and Denny Bassett, senior halfback. He appeared pleased with Vukelich's consistent boots of 50 yard-average.

Eliot indicated that the Illini's first scrimmage may be held Saturday.

Carbondale, Ill., Sept. 1.—(AP)—Sixty-one prospects for Southern Illinois University's football squad reported today for the first practice session.

Glenn "Abe" Martin, athletic director and head football coach, is starting his 11th year on the gridiron job. He has 13 lettermen back from last year's team, which won two and lost six games.

Southern will open the season September 24 against Wayne University at Detroit. The first home game will be October 2 with Eastern Illinois State Teachers.

**TOTAL BLANK**

Detroit, Sept. 1.—(AP)—A patrolman inadvertently hung a blank parking ticket on a motorist's automobile.

Today traffic court referee Oscar Riopelle received the ticket in the mail. Along with it was a check for \$2—but without a signature.

Champaign, Ill., Sept. 1.—(AP)—The National Student Association voted today to affiliate with the International Union of Students.

Norman Holmes of Forest Hills, N. Y., a University of Wisconsin student and delegate to the association's congress here, termed the IUS "an instrument of Soviet foreign policy."

Holmes said many schools might withdraw from the NSA if the association works with the IUS.

The congress agreed to cooperate with the IUS in non-political projects such as exchange of students and foreign travel.

An argument against even this type of cooperation was voiced by Martin Smith, Sheboygan, Wis., a student at the University of Minnesota.

"If we support the IUS through working with it—even on practical projects—we are lending NSA to a union which is no longer a representative international organization."

St. Louis, Sept. 1.—(AP)—The New York Yankees pulled out another of their now famous "squeakers" today, edging out the St. Louis Browns, 4-3, to strengthen their hold on first place.

With the help of the Detroit Tigers, who walloped Boston, 7-0, the Yankees picked up a full game on the runner-up Red Sox and now lead by three lengths.

A seventh inning home run by Hank Bauer with Gerry Coleman on base provided the Yankees with their winning margin. Bauer's clout off Wild Bill Kennedy snapped a 2-2 deadlock and provided enough cushion to offset a one-run attack in the ninth.

# Cards Whip Phils 4-0 As Brooks Split Two, Drop 2 Games Behind

Philadelphia, Sept. 1.—(AP)—Powie Pollet shut out the Philadelphia Phillies with five hits tonight as the St. Louis Cardinals maintained their National league lead with a 4-0 victory.

In chalking up his 17th victory against eight defeats, the Cardinals' ace southpaw received plenty of help from the Phils.

After sending one run across the plate in the first inning on singles by Red Schoendienst, Nippy Jones and Enos Slaughter, the Cards collected three unearned tallies in the sixth.

The defeat dropped the Phils into the second division with the New York Giants taking over fourth place.

REDS WIN IN 10

Brooklyn, Sept. 1.—(AP)—Dixie Howell tripled in the 10th and scored on Ted Kluszewski's double to give the Cincinnati Reds a 4-3 overtime victory over the Brooklyn Dodgers in the second half of an afternoon-night doubleheader tonight. The Dodgers had won the opener, 11-8. The split dropped the second place Brooks two games behind the league leading St. Louis Cardinals, who came through with a 4-0 triumph over the Phillies in Philadelphia.

Herm Wehmeier went all the way for his ninth victory. He held the Dodgers to eight hits. Ery Palica, fourth Dodger hurler, was the loser.

Both teams blew chances to win in the ninth. The Reds had runners on second and third with none out against Preacher Roe, but Joe Hansen came in and stopped them cold. The Dodgers, in their half, had runners on first and third with one out, but Wehmeier stopped pinch hitters Gene Hermanski and Marv Rackley.

Homers by Peanuts Lowrey and Kluszewski gave the Reds an early 2-0 lead. The Dodgers went ahead 3-2 in the fifth, but the Reds drew even in the eighth on Red Stallecup's run-scoring single.

Brook Shotton was chased out of a ball game for the first time in his three seasons as Brooklyn manager in the first game. Umpire Art Gore gave him the thumb for protesting a ball and strike decision in the Reds' four-run ninth inning.

## Braves Defeat Chicago Cubs 8-4

Boston, Sept. 1.—(AP)—Supported by a 13-hit attack, lefty Warren Spahn became the National league's first 17-game winner today as the Boston Braves swept a two-game series with the last place Chicago Cubs with an 8-4 victory.

The most potent Boston blows were a homer and a pair of singles by Catcher Bill Salkeld that drove in five runs.

The Tribesmen won their 12th start in the 18 games they have played since Manager Billy Southworth retired on sick leave and Coach Johnny Cooney took charge. They settled matters against starter Doyle Lade in the fourth inning when Salkeld homered after Tommy Holmes had singled.

Spahn, who had beaten the Cubs in three of his four previous tries, had a bad second inning. Hank Sauer and Andy Pafko doubled and Bob Scheffing homered to pull the Cubs into a 3-1 lead that was promptly erased.

# Willie Turnesa Moves To Semis In Golf Tourney

Rochester, N. Y., Sept. 1.—(AP)—Confident Willie Turnesa, a worried man as late as last Tuesday, stalked into the semifinal round of the 49th annual National Amateur golf tournament today with a pair of windblown victories.

The defending champion fought off Frank Strafaci of Plattsburgh, N. Y., who had beaten him in four of five previous meetings, in the afternoon quarterfinals, 3 and 2.

His opponent tomorrow is Rufus King of Wichita Falls, Tex., who disposed of Harold Padgett of Ann Arbor, Ohio, 1 up.

William C. Campbell of Huntington, W. Va., sank an 18-foot putt on the final green to eliminate Julius Boros of West Hartford, Conn., 1 up. Boros made a great comeback on the final nine but after being three down at the turn.

In the remaining quarterfinal matches Charles Coe of Oklahoma City outlasted John Dawson of Holliswood, Calif., 1 up 21 holes. Dawson three putted from 30 feet—the last tap from three feet away—to lose the marathon affair.

## V. F. W. Nine Wins 17-6 To Stay In "B" League Race

The V. F. W. softball team kept alive its chances to gain at least a tie with the "B" league leading Pepsi Cola crew when they bottled the Red & White store outfit 17-6 at the Northside park last night.

The win gave the vets a record of 7 wins and 2 losses. The Pepsi Cola boys have an 8-2 skein. Another game tonight between the same two clubs will tell the tale. Game time is 7:30 at the Northside.

Stevenson allowed only 4 Red and White batters to hit safely. Nippy Jones proved a disadvantage to both twirlers and the first few innings proved a pitcher's nightmare as the R & W hitters scored 4 runs and the vets came back with 3.

Stevenson warmed up before his mound opponent Darrel Busey could get the job done and held the Red & White boys to a minimum of runs while his mates were racing across the platter with 17 tallies.

## Pope Rules Against Boston Catholics In Heresy Dispute

Boston, Sept. 1—(AP)—Archbishop Richard J. Cushing announced tonight the Vatican has ruled against a group of Boston Catholics who contend there is no salvation outside the Catholic church.

Headed by a Catholic priest, they have carried on a bitter public dispute with the Boston hierarchy over the issue for the past five months.

The prelate made the decision public in "The Pilot," official publication of the Boston archdiocese. Neither the archbishop or any other authority would make any additional comment.

Archbishop Cushing, in The Pilot, said the decision was made by the Supreme Sacred Congregation of the Holy Office, over which the Pope presides. The congregation met in plenary session July 27, the announcement said, and sent the ruling to Archbishop Cushing through the Most Rev. Amleto G. Cicognani, apostolic delegate in Washington.

The dissident group, headed by the Rev. Leonard J. Feeney, S. J., meets in Cambridge under the name St. Benedict's Center. Since April, the center has been under interdict—banned to Catholics—and Fr. Feeney has been without his priestly privileges.

## FRANKLIN F. F. A. YOUTH RAISES 2ND TON LITTER

## 11 Hogs Weigh 2,580 Pounds In 178 Days

Last year Bob Jones of Franklin pushed eight Duroc pigs along until they weighed 2040 pounds in 180 days. His was one of the two reported eight pig litters that topped a ton in the breed throughout the United States in 1948.

He decided to try for a second, consecutive ton litter. His sow, Royal Tops Lady bred by L. E. Welch of Waverly, cooperated. She farrowed 13 pigs and saved 11 of them. Farrowed on March 5, the litter's 180 day weighing in time wasn't up until today, but Jones decided to sell the four barrows in the vocational agriculture marketing day sales held at the National Stockyards Thursday. When weighed

Wednesday the eleven head tipped the beam far over the ton mark, 2,580 pounds.

To Headline Sale  
The two boars and five gilts will headline the first annual Franklin F. F. A. purebred swine sale to be held Monday, Oct. 10 on the William Hills farm on the Franklin-Woodson road. Elmer Middendorf will cry the evening auction.

Swine experts yesterday graded the four barrows as "choice." They weighed 245 pounds each, brought \$22.25 per cwt.

New Look, Welch herd boar, was the sire of the hefty eleven. The litter weighed 371 pounds at the end of 56 days to qualify for the Duroc production registry.

Premium Winners  
Jones showed individuals at Carrollton, New Berlin and Jacksonville, but didn't go to Springfield due to the hazards of polio. Altogether the group won 12 firsts, a reserve and two grand championships.

Jones is the foster son of Mr. and Mrs. George W. Hills of Franklin. He's 15 years old and a junior at Franklin high. Two of his classmates, Jimmy Ransom, left, and Darrell Smith, right, helped line up the prized litter for the cameramen.

The three decided that picture taking time and weighing in time are incompatible.

"If you don't starve them the day before you can't get pigs lined up to a trough," they asserted. And if you starve them the day before they're bound to lose weight.

Members of the nominating committee were Dorothy Crabtree, Martha Lorton, Olinda Siebenmann, and Vivian O'Brien. Installation of the new officers will take place at the September meeting.

The committee in charge of the picnic was composed of Anna Margaret Lonerger, Dorothy Crabtree, Irene Crawford, Margaret Ross, and Betty Steinmeyer.

Those present for the meeting were: Lucille DeGroot, Shirley Eilering, Agnes Flynn, Mary Flynn, Frances Gutmann, Betty Lou Hardwick, Elizabeth Hardy, Betty Herman, Emily Irlam, Isabel Irlam, Irene Kornsmeier, Martha Lorton, LaVerne Lovkamp, Rosetta Magner, Louise Nicholson, Merna Preston, Helen Quinnlan, Mary Agnes Ring, Margaret Ross, Catherine Shanahan, Mildred Shanley, Mary Elizabeth Spaulding, Ila Mae Squires, and Pat Swisher.

## Reports Tucker, New Auto Maker, Was Threatened

Chicago, Sept. 1—(AP)—The Chicago Sun-Times said today that Preston Tucker, head of the Tucker Corp., had reported receiving threats against his life.

Tucker reported that the threats were relayed to him through a former official of the rear-engine automobile company, the Sun-Times said. This official attributed the threats to members of the Capone syndicate who lost large sums of money on franchises for the proposed automobile, the newspaper said.

The Sun-Times said Tucker reported after a prowler was seen tampering with a ninth floor window leading to Tucker's Lake Shore Drive apartment.

Tucker was not available for comment. Police Captain Thomas Harrison, in charge of the police district in which Tucker lives, said the incident had not been called to his attention. He said no request for police protection had been received from Tucker.

## Socialized Health Bill Theme Of BPWC Talk

Dr. Garm Norbury, prominent local physician and counselor of the sixth Illinois district of the American Medical society, explained the various bills and plans promoting compulsory health insurance in an address made last night to the Business and Professional Women's club in the banquet room of the Dunlap hotel.

Dr. Norbury stated that much in the proposed plans meets the approval of the American Medical association, but described the 12 points put forth by the association, making up a constructive plan toward the stimulation of health insurance on a voluntary, rather than on a compulsory basis.

Speaking with a background of considerable contact with the administrative side of socialized medicine, Dr. Norbury was objective in his presentation of the question. In spite of the feeling prevalent among physicians that the compulsory plan would be ill-advised from the standpoint of expense, quality of service, and individual relationships, he predicted that most doctors would go along with the plan should it ever be adopted. He cited physicians of England as having done this, in spite of an 85 percent vote on their part against the plan.

Dr. Mary L. Newman presided over the business meeting. Miss Charlotte Hall, chairman of the health and safety committee, introduced the speaker.

Announcements were made of the center sectional leadership conference at Urbana, Sept. 11, and of the north central regional conference, Sept. 22 to 25, in Indianapolis, Ind.

Other members of this month's committee were Mrs. Helen Ransdell, co-chairman, Mrs. Elsie Baxter, Mrs. Bea Loomis, Mrs. Margaret Brown, Dr. Pauline Campbell, and Miss Pauline Kennedy.

White Hall—At a joint meeting of the V.F.W. Post and the Auxiliary at the I.O.O.F. Hall on Wednesday night, final plans were made for the annual fish fry to be held Saturday, Sept. 3, in Whiteside Park.

Special free entertainment will be a feature of the day with the White Hall bank giving a concert in the afternoon. Al Thomas and the Southland Boys out of St. Louis will be the feature attraction.

Proceeds will go toward completion of the new V.F.W. home under construction.

A surprise birthday party was tendered Mr. and Mrs. Vernon Suttles on Monday night in observance of Mrs. Suttles' birthday anniversary. Thirty relatives enjoyed a basket supper. Later in the evening ice cream and cake was served.

The West Brushy school west of White Hall opened Sept. 1 with Mrs. Selah Odom of Hillview in charge.

The East Brushy school also opened Thursday with Betty Price as teacher.

Mrs. Norma Hoskins of Jacksonville visited Mrs. Elery Clark near Hillview on Wednesday of this week.

Rev. and Mrs. Ollie Phillips, formerly of Murreysville and the newly chosen pastor of the Calvary Baptist church, moved to their new home at 237 King street Tuesday. The ladies of the congregation cleaned the house Monday.

Marjorie Phillips leaves this week end for Carbondale, where she will attend the Southern Illinois Normal University.

Mr. and Mrs. Jack Harp entertained the following guests with an all day party Sunday:

Rev. and Mrs. Ollie Phillips, Murreysville; Mr. and Mrs. Norman Ward and Mrs. Ora Wilcox of White Hall and Mrs. Carrie Harp, Roodhouse. Mr. and Mrs. W. A. Kemp and family, Palmyra, Mr. and Mrs. George Lahee and Mrs. Cecil Nottingham of St. Louis, Mo.

The combined Women's club and Community of Golden Era will hold their annual home coming at the school house at noon on Sunday Sept. 3 with a basket dinner and program in the afternoon.

## Medical Soldiers Of World War I Hold Reunion

White Hall—The first reunion of Field Hospital 333-309 Sanitary Train, 48th Lincoln Division, of Camp Taylor, Kentucky was held in White Hall during the past week-end. The reunion was suggested by Paul Hunter of Roanoke, Virginia and completed by R. F. Barnett and Joe Lyman of White Hall.

On Friday members and their wives began to arrive from eight different states. On Saturday morning the entire group made a tour of Ruckel's Pottery Works. By noon on Saturday 35 were in attendance and after luncheon gathered at the local Lions Park to visit and renew acquaintances after a period of 30 years.

Sgt. Robert Humphrey of Frankfort, Ky. arrived in Jacksonville by plane and joined the group early in the afternoon.

At 6:30 a banquet was held at the Griswold Annex. Corsages were presented to the wives of all the members present, and the group stood in silence for one moment in memory of their departed comrades.

Mayor R. W. Frame presented the group with the flag from Sgt. Harry Lyons' casket.

Colored films and others were shown by Paul Hunter after the dinner and each man donated \$5 toward a fund for the affair to become an annual one. Col. Bob Humphrey extended an invitation for the 1950 reunion to be held either in Frankfort or Louisville, Ky where the group started their army training.

The final get together of the group was breakfast on Sunday morning.

## DRIVE-IN SERVICES AT WHITE HALL PARK

## Norbury-Carr Wedding Solemnized In South

### Gulfport, Miss., Scene Of Lovely Nuptial Rites

The First Baptist church in Gulfport, Miss., was the scene of the marriage of Miss Frances Carr, daughter of Mr. and Mrs. John Robert Carr of Gulfport, and Dr. Frank Barnes Norbury, son of Dr. and Mrs. F. Garm Norbury, 1138 West College avenue.

The vows were pronounced in a lovely double ring ceremony performed by Dr. Joe T. Ode at 11 o'clock Tuesday morning before a background of palms and ferns and two large baskets of white flowers.

Mrs. J. L. Head, organist, presented a recital of nuptial selections and accompanied Mrs. J. R. Stratton who sang "Because" and "I Love You." The traditional wedding marches were used.

Assisted by Sister Serving as matron of honor was Mrs. Harry M. Ferguson of Starkville, Miss., sister of the bride. The best man was Dr. Seymour Reichlin of St. Louis, Mo. Harry M. Ferguson was an usher.

The bride, given in marriage by her father, was attired in a street-length dress, toast in color, with an

off-the-shoulder portrait neckline, fitted bodice and skirt of embroidered net over taffeta. A hat of beige feathers with draped veiling and dark brown accessories completed her ensemble. She carried a white Bible covered with an orchid and fleur d'amour.

A dress of aqua crepe with bodice of lace was worn by the matron of honor. Her accessories were brown and her flowers yellow tinted gardenias.

Turquoise crepe fashioned the dress worn by the bride's mother, who had a black and pink feather hat and a white corsage. The bridegroom's mother chose to wear a brown dress with matching accessories and a white corsage.

Home Reception Given Following the ceremony a reception was given at the home of the bride's parents. The bride's table was covered with a rare antique design lace table cloth and was centered with a three-tiered wedding cake, topped with a decoration of flowers matching the bride's bouquet. Circled the cake was an arrangement of butterfly gardenias. Summer flowers were used to decorate the home.

Assisting at the reception were Mrs. Paul Keller, Miss Evelyn Brown and Miss Dot Mangano.

The couple left on a wedding trip to Panama City, Fla., after which they will be at home at 462 Forest Park boulevard, St. Louis, where Dr. Barnes is assistant resident physician at Barnes hospital.

Out of town guests at the wedding included the bridegroom's parents, Dr. and Mrs. Norbury of this city and Miss Virginia Besian of St. Louis.

## Former Chapin Man Appointed To Legal Post

James J. Rankin, son of Mr. and Mrs. John A. Rankin of Chapin, has been appointed as an assistant circuit attorney of St. Louis, Mo.

Since graduation from law school at Washington university in St. Louis in September of 1947, Mr. Rankin has been engaged in private practice and has taken an active part in Democratic politics.

He was graduated from Illinois College in 1941, after which he served 41 months in the Naval Air corps as a dive bomber pilot with service in the Pacific theater on the U.S.S. Yorktown.

After returning from overseas duty in 1944 he was married to Mary Virginia Devlin, daughter of Mrs. Mary A. Devlin of 1221 South East street. Before being discharged at the end of the war he served several months as a dive bombing instructor at the Naval Air base at Wildwood, N. J.

While at Washington university Mr. Rankin was a member of Phi Delta Phi legal fraternity and was later elected to the Order of the Coif.

The golden-eye fly is so-called because the eye in some lights appears to be burnished gold.

### THIEVES PREY ON TOURISTS IN ITALY

Rome — (AP) — Bands of thieves have sprung up in Italy to prey on the unwary tourist. Newspapers up and down the Peninsula record a rising wave of purse snatching, pickpocketing and breaking into automobiles. Interior Minister Mario Scelba's tough police, skilled in mowing down Communist demonstrators, seem powerless against the thieves. Editorial writers express fear that the crime wave will mar the 1950 Holy Year pilgrimages.

Along with the crime wave has come an enterprising clan of "watch-your-car" artists. These operators, generally old men or little boys, appear out of nowhere with outstretched hands. You are supposed to assume that they guarded your car from thieves.

## Rangoon Fights Adulteration

Rangoon—(P)—The Burmese government has hit hard at racketeers marketing imitation drugs and adulterated foodstuffs through an ordinance threatening fines, imprisonment and whipping for the guilty.

It was preceded by an official investigation into a newspaper charge that paraffin was being mixed with vegetable oil. Import of edible oil into Burma is controlled by the government. But paraffin can be brought into the country under open general license.

Complaints to the city's Health Department were made that adulterated oil was given refugees congesting camps in the city. They also charged that in Rangoon's sprawling Chinatown unlicensed druggists were foisting upon an unknowing public imitations of well-known patent medicines. Several deaths are known to have taken place after these mixtures were drunk.

American glassware played a part in Presidential elections in the 19th Century, as glass plates, flasks and other objects bearing names and faces of candidates were widely used as campaign "literature."

## Sink or Swim

One difference between old, tough peas—is that the old ones sink and the young ones float in a salt-water solution. On the basis of that fact Kroger Food Foundation scientists have developed a highly accurate method of determining maturity and quality of peas. This test is one of many used by the Food Foundation to safeguard the quality of food sold in your Kroger store.

## American Indian Takes Step For Independence

Washington—The American Indian has taken another small but important step toward independence and self-sufficiency.

The Interior Department disclosed that it had discontinued government supervision over certain tribal affairs of two Indian tribes—the Saginaw Chippewa of Michigan and the Stockbridge-Munsee of Wisconsin. It was the first harvest from the Indian Reorganization Act of 1934 (IRA), the Indian version of the New Deal, which was designed to make all Indians some day independent, economically and politically.

The IRA set up a plan under which Indians could work their way out of the status of government wards by proving themselves self-supporting and capable of self-government. After a period of years they could gain their independence either through a vote of the tribe or by permission of the secretary of interior.

The two tribes were the first to apply for freedom and the first to get it. Many others seem ready for it but can't seem to make up their minds about some matters—such as whether the new set-up should continue communal tribal ownership of land, grazing and other lands and enterprises.

Each of these two tribes contains about 500 Indians. Both are predominantly of mixed blood and are well assimilated in their communities, enjoying the same working and social conditions as other Americans there.

Their new status gives them all the rights and responsibilities of other Americans except that they cannot sell their land without the approval of the secretary of interior. This rule holds in the case of all Indians, but the secretary freely grants his permission if it appears the sale will not lead to the Indian's impoverishment.

Many other Indians are relatively well off and seem ready for complete freedom, such as the Menominees of Wisconsin, the Klamaths of Oregon and the Osages of Oklahoma.

But until the final step is taken all the approximately 400,000 Ameri-

can Indians aside from the two tribes are wards of the Federal government. The secretary of the interior must approve all business transactions such as leases and loans.

The bulk of the Indian population is heavily dependent on Uncle Sam for all kinds of welfare, educational and medical assistance. In the 12 months ending last June 30, they cost the government \$44,310,314.

The program of the Indian Service for some years has been designed to get the Indians on their feet and off the taxpayers' necks as rapidly as possible. But the government has learned through painful and expensive experience that this can't be done all at once, despite repeated clamor for just giving the Indian what is coming to him and letting him shift for himself.

That has been tried repeatedly in the history of the republic, and each time the Indian has come back after a generation or so, penniless, diseased, ridden and direly in need of public care. When he has been given full rights to his property he

has usually dissipated it through his own improvidence and the machinations of white land grabbers.

Now the idea is first to prepare the Indian for freedom: Teach him how to farm, raise cattle, fish, engage in lumbering and get jobs in his community. Educate him, teach him self government, restore his pride in his race and culture, and gradually let him get used to taking care of himself—learning primarily as much as the white man does about the value of the dollar.

The Indian Service has estimated that about 53,000 Indians are now ready economically and educationally to make the new adjustment. Another 75,000, it says, may be ready in five to 10 years. It sees no chance, however, of turning loose the remainder, more than 250,000, for a great many years.

### DOUGLAS TO GET DEGREE

Bristol, England—(P)—U. S. Ambassador Lewis Douglas is about to add another honorary degree to his string. Bristol University announced that Douglas is one of seven notable who will receive honorary degrees at a university Oct. 19.

**EXTENDED SCOOTER SOJOURN**—Getting set for a long journey, Mr. and Mrs. John Snare climb aboard a scooter outside their home in Minneapolis, Minn. They plan to travel 3700 miles in the contraption, going through Missouri, Kansas, Georgia, Alabama, Indiana, and Illinois. They'll really have to scoot.

## Trade Costumes And Get Into A Museum!

Chicago—(P)—Bathing beach attire is banned at Chicago's Museum of Science and Industry. So the museum added a stock of a half-dozen wrap-on skirts for women visitors wearing bathing suits or shorts. Bathers from nearby Jackson Park beach on Chicago's South Side frequently entered the museum in scanty wear.

Mrs. Martha McGrew, of the museum staff, said that, although officials aren't against such brevity, they didn't consider the museum a proper place to wear play clothing. But on one occasion the spare skirts weren't needed. Girl guides at the museum entrance halted six teenage girls. Children under 12 are permitted to enter wearing brief apparel.

One girl, Mrs. McGrew said, was over age. A younger girl was appropriately dressed. None would enter unless all were admitted. The girls went into a huddle. They disappeared and soon returned.

All were passed through the entrance. The older girl had exchanged costumes with the appropriately clothed 12-year-old.

## Dingo Scalps Bring Plenty

Sydney, Australia—(P)—When a dingo (wild dog) hunter went to Kalgoorlie, West Australia, to collect his scalp bonuses last month he got a check worth about \$1,500 dollars. Not a bad return for a fortnight's work.

The hunter was Clarence Carlisle, who brought in scalps of 200 dogs and 18 foxes, and beaks of eight eagles. These creatures are pests in Australia, with prices on their heads in many parts of the country.

Part of Carlisle's hunting routine is to chase dingoes over trackless flat desert country on a motorcycle. As a fast dingo can sprint up to 40 miles an hour, the game has thrills as well as money in it. You have to be not only a trick rider, but a crack shot.

The attorney general was not a member of the President's cabinet until 1814.

Steps to the Moon

By Hillman-Curt, Inc. Distributed by NEA SERVICE, INC.

THE STORY: Until Harry Rain-bridge's millions saved the life of Gaynel Teane's younger sister Pat, Gaynel was slow to accept his proposal of marriage. Then came Pat's emergency operation. Gaynel promises to pay Harry back the money he spent to save Pat's life, and tells her she will give Harry the answer he wants. But Fritz takes Gaynel on a pleasure jaunt across the Detroit river to Canada and confides in her. He is about to land a very good job and he proposes to her. Gaynel realizes she is in love with Fritz.

SO this was love! This was what the song writers sang about, the poets praised, what made the world go round. This giddy, dizzy feeling, this breathless expectancy, this ridiculous, yet altogether delightful madness.

Gaynel was not quite sure whether she liked it or not. She knew it bereft her completely of all reason and common sense. She knew she had never lived before, that the world was an entirely different place. And that she would have to snap out of it one of these days and face facts. For facts, cold sober ones, were stored somewhere in back of this rosy haze.

Not just yet, her heart whispered, let it last a little while, this beautiful singing world, it may never, never be so lovely, quite, again.

She told herself that reality would rid her of this moon out of the sky and land her, with a plunk, back down on earth.

Sunday Fritz took her to Belle Isle to make a day of it. Or as Fritz said, "To celebrate. That's what this is, my love, in case you're not aware of it. A celebration. I've got a new job. You are now gazing upon the newly appointed promotion manager of the Enterprise News Syndicate. Congratulations are in order, if you please."

"Oh, Fritz!" Gaynel had to sit down upon the nearest park bench.

him as far as they would reach, which was quite some distance. "It does feel good to be 'set.' Suppose we postpone the feast and just commune with nature for awhile."

NATURE, at the moment, was a black squirrel approaching them cautiously, yet with a hopeful gleam in its bright eye and in the flag-flung triumph of its bushy tail.

Fritz nudged her to sit still. He reached out a hand, clenched as though containing some hidden treasure; made a clucking sound with his tongue.

The squirrel came toward them once more, a little pause between each eager advance; with a leap it landed neatly on Fritz's shoulder, to perch there a moment then dashed down his coat front, took a nibble at one button, poked an inquiring nose into his hand.

"Aren't you ashamed?" Gaynel asked, when the little creature, after giving them a reproachful look, had scurried away.

"Not me," Fritz returned in elegantly and shamelessly. "The little roger probably already has a full winter's store pilfered away."

"Smart fellow," Gaynel said. "We should take a lesson," she said. "Save up for that rainy day. I'll bet you haven't one nickel in a savings account, young man. Or any intention of ever putting one there, which is worse. What will you do when winter comes?"

"That's an old one," Fritz stretched his legs a little further. "Haven't you heard? There's always spring, the wench, sneaking up, wagging her tail behind, like Mary's lamb. Now I'll ask you one." He pointed an accusing finger at her. "What would I do with a bank account? I'm not afraid of the rain. When are we going to be married, Gay?"

Gaynel took a deep breath; then the plunge. "That's what I meant," she said, "about a bank account. How can you talk so blithely of taking on the responsibilities of a family without one? I don't quite see how we can get married, Fritz."

CARNIVAL

By Dick Turner

Imagine accusing me of pork-barrel legislation! Why, my state is primarily industrial!

Let's figure it out-you want a five room home-your funds are limited.

Then buy an apartment house that costs \$4,000 more than a cottage. This gives you your home now and the extra \$4,000 means an added income to your salary of \$120 per month-\$1440 per year-38% interest on the \$4,000.

Before long sell the apartment and pay cash for your new home. This is really practical and a short cut to home ownership.

Let us show you the apartment today and show you how to help yourself.
